Dear Sirs:

Just a line to express our family's immense
appreciation for the beautiful programme .."Kathleen
Parlow playing Mendelssohn Concerto". wto!- woo!

The beauty of tone and the perfection of finish
was outstanding, and we are sure this Concerto has
never been played better. -- It was perfection.

The Broadcasting was excellent . the Orchestra
fine and the balance between soloist and orchestra
splendid.

Thanks from ,

Yours truly,

(Sgd.) W. B. Woods.

P.S. We also like to hear William Primrose & his viola.
